

General Data Protection Regulation (GDPR)

The General Data Protection Regulation (GDPR) takes effect from the 25th May 2018. The GDPR is a standardised user data protection framework which operates across Europe and imposes obligations on organisations.

Here at ESP we are committed in working towards GDPR compliance and as such have introduced the following:

Firstly, we have updated our web site by introducing this GDPR introduction.

Secondly, we are improving our transparency by updating our [Privacy Policy](#) to identify the information that we collect about our users and how we use that information and keep it safe.

Thirdly, we have updated our [T&Cs](#) to communicate the changes and these are available both on our web site and by request.

Finally, we are improving our internal controls and training our staff.

You do have the right to permanently delete your data by letting us know at sales@espdrywall.co.uk.
